Before you leave, cutie, I'd like to help you out.
What do you mean, Ms. Phox?
Don't try to hide it. I can tell you want me. You need me.
You need me to take control, isn't that right?
...Yes, Ms. Phox.
Good boy. Come here.

I know exactly what boys like you want. You just want to shut that brain of yours off, and obey.
Yes, Ms. Phox.
Call me "Mommy."
Yes Mommy.
Good boy. Open your mouth.

So easy to follow my guidance, isn't it?
No need to respond, just drink.
Shut your eyes. Trust in me.
You know your submission will be rewarded.
Feel my paw explore between your legs. Just relax.

Fall deeper for me as I stroke your member.
Become addicted to me.
The thought of me will never leave
your mind. You
will never be able to experience this pleasure
without me.
This session is free,
but I'll be taking a piece of your soul for
every subsequent one.
For now, just enjoy this. I know I'll
be seeing you again soon.
